* All sizes in mm, add 5mm document bleed.

MAGAZINE QUALITY:

We are proud to present our content in an exclusive and visionary way. This puts us in a unique position as an exclusive coffee-table magazine that has the ability to live for a long time, and end up with a well-selected group of readers. In this way we will offer you an exclusive environment for your messages and products.

TARGET GROUP:

Our readers are active and engaged people, mostly related to the equestrian sport in some or other way. They may be riders, horse owners, trainers, stable staff, backbenchers or playing other important roles within the equestrian business and sports. They are consumers concerned with quality. Our readers are constantly searching for new ideas, motivation, deep inspiration, advices and knowledge. They have great passion for their sport, which characterizes their life style both at home and when travelling to shows, and also in their choice of products for themselves and their horses. Their typical age is between 18 and 70, and our target group is for both sexes. Even though our horse interests are sometimes different, our dedication and passion for horses are genuinely the same, and this is what equestrianism is all about.

BRAND BUILDING:

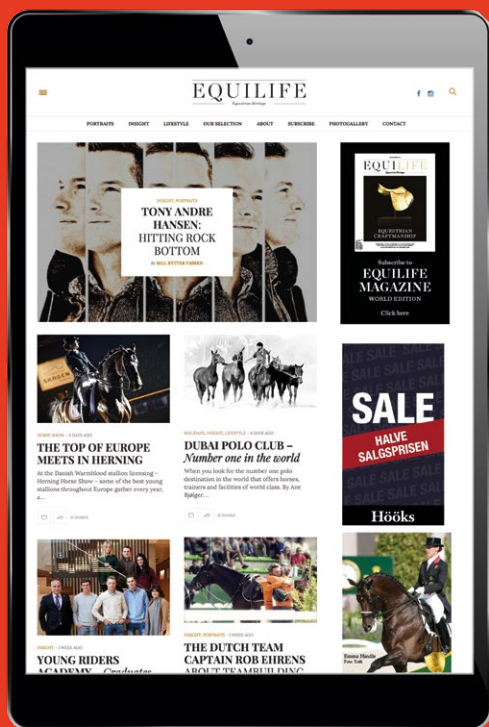

An exclusive environment stimulates brand development. Your choice of magazine is therefore of great importance for your brand building and to get through with your message. Who do you want to reach? And whom do you want to be associated with? An exclusive magazine gives the reader a feeling of a club membership – where the members share their opinions, taste and style.

PRODUCT:

An exclusive coffee table BOOKLET magazine.
